Blue Photo Cube

The Somerset Collection has a high gloss painted finish that engraves beautifully. Somerset urns are constructed of medium density fiberboard and designed with a secure sliding panel compartment. The Photo Urn and Photo Keepsakes are designed with a separate compartment so that photos can be replaced easily without disturbing the cremated remains. The Photo Urns hold one 4.25" x 5.25" photo and the Photo Cubes hold three 2.5" x 2.25" photos.
