AN ARTISTIC WAY TO REMEMBER YOUR LOVED ONES

Our sculptural keepsake urns are a loving and artistic way to remember your loved ones. They are designed not only to be a container for your endearing memories, but also to be a work of art. Our memorial keepsake urns feature loving images, comforting in their simplicity and quiet dignity. They offer a stylish and creative way to say, "We will always remember."

URNS WITH A SOUL SYMBOL

Each urn has a "soul," depicted by two interlocking infinity signs designed in the shape of a flower. This soul represents the eternal in us and brings one's spirit to others forever more.

ABOUT THE ARTIST

Jay Rotberg's work has found its way into shops, galleries, personal collections, and museums around the country. His art reflects his beliefs, interests, and loves—the closeness of family, the power of faith, the unpredictable and delightful itineraries of relationships.

Now he is creating distinctive keepsake urns for your loved ones.

NOTE

- ◆ Each urn is crafted using bonded marble and wood resins and finished in a bronze verdigris patina.
